Now, by clicking the view section, evaluation can be started, the window as shown below will appear on your screen. Here the answer script will appear on the left and marks window on the right. Marks window contains the (Download Question Paper section) as per attached answer script and marks evaluation & entry in grids.

As the cursor goes on left script side, a writing pen will automatically pop up for evaluation as like offline mode. With the help of this pen, tick marks (Right, wrong, strikethrough or other remarks) can be put very easily.

After putting tick marks and marks in marks window, it can be saved for further submission. No final submission is required here. You can only save or reject the script here.

After evaluation and saved all scripts, you will find the all done scripts in **“Saved Answer Copy”** sub-menu and here you can edit the marks entries and submit it finally to the University.
